FEEL THE 8-BIT ACTION IN A FIRST PERSON PERSPECTIVE
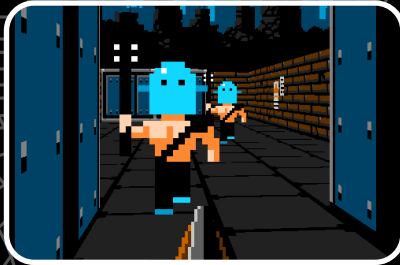

A FPS WITH THE SPIRIT OF AN 8-BIT RUN AND GUN

AD 2488. A long war brought mankind to the brink of extinction. During the postwar crisis, a creature known as Master Brain arrived on earth with the promise of a new dawn. Many followed its voice, a new order was born, but then the promises turned into dictatorship and oppression.

Now, a small group of soldiers have formed an alliance to protect the remaining cities and end the imperial regime. This is the story of their final mission.
